

DYNO BATTERY FOUNDED 1933

Battery Boxes 4D

*The bitterness of poor quality
is long remembered after the
fleeting thrill of a cheap price.*

Battery Storage Boxes

Dyno Battery offers high quality acid resistant polyethylene battery storage boxes for your convenience and most demanding applications.

These heavy walled boxes are seamless for complete containment. Durability and strength are improved by reinforcing ribs. Most boxes are notched both at the top of the box and the lid, for connecting cables.

Each 4D box can hold one standard 4D size battery .

For mobile applications, nylon web hold down straps are available to secure the box without compromising acid containment.

Dimensions:

Foot print of Base (Box only):

Length	Width	Height
22 1/16"	9 9/16"	11 1/16"

Maximum dimensions (includes Cover):

Length	Width	Height
